

Select Line™ Compressors

The Global Quality Alternative to Reconditioned Parts.

Value-Priced

Designed to meet your application needs, Select Line™ parts maintain the performance of your older equipment, while reducing repair and maintenance costs.

Factory-Backed

Select Line parts carry a limited warranty through our global parts network, so leave the risk of locally warrantied, reconditioned components behind.

Standard Options

Select Line parts are built with your requirements for quality and value in mind.

For a Solid Bottom Line.

Part Number	Description	Voltage
18-00055-20RM2	06DR Compressor	460V
18-00055-21RM2	2nd Tier Reman	230/460V

Features

- One coat liquid paint meets 500 hour salt water requirements.
- Older style reversible oil pump.
- One year warranty against mechanical failure through our Global Network. No warranty against paint failures.
